So that way, when it's your time, when it's your time to pass on to that next life, you face that with courage, and you face that with no hesitation, like our beloved Sayyid and recent martyr. You know, there's that beautiful clip I saw again on Instagram. I downloaded it 'cause I wanted to keep up with all the news, and there's this little boy, probably, like, 10 years old, goes up to Ayatollah Khamenei, and he says, "I want to become a martyr." It's a 10-year-old boy. What are you talking about? And he looked at him with a little bit of a surprise, and here's what he told that boy, and I think we could take a lot from his advice. He said, "First, grow. You're gonna grow up, get a little bit taller. You're gonna study hard."

The obligation may be individual, at the level of the individual, in carrying out duties, enjoining what is right and forbidding what is wrong, and it may be collective, rising to the level of fighting. This is what we see in Lebanon in terms of confronting this aggression and this usurping entity. Meaning that when you say that you are among the Shi'a of Ali, you must take the stance of Ali, peace be upon him.

Look at what Iran has done to Israel, destroyed one-third of it. In fact, President Putin just in St. Petersburg conference said recently, Israel, the bully will never get back at Iran. Iran has done such a thorough job, and they did it so ethically and methodically, destroying the Mossad building and the military-scientific building with pinpoint accuracy. And there's also reports that even thousands of Mossad agents and others have been killed.

In fact, it is New World Order Rothschild Zionism that is a religion in crisis, and the crisis is that the world is waking up and noticing that there is this conspiracy of people involved in all kinds of degenerate debauchery, Satanism, and all kinds of horrific, corrupt organized crime endeavors, including the creation of most of the world's currency by lending it into existence and interest. That this evil cabal ... this Rothschild cabal that Macron is a figurehead in, they're being exposed all over the world ... This criminal cabal that runs the world through its stranglehold on international banking uses usury as its main weapon. And Islam is the biggest force standing in its way. I have read too much history to be convinced otherwise. History has shown giants like Pharaoh, Muawiya, Yazid. You found the Pharaohs of the world, they came, and in this era, there were giants that fell. They amassed armies. They were emperors, and they collapsed. They imploded. It was only a matter of time. And I know for fact that Islam is not in danger. In fact, Islam is on a trajectory of the most incredible growth imaginable. It will continue as promised by Allah, and it will overtake the world as promised by Allah. They talk about it. They say, oh, they talk about this, you know, the return of the Mahdi who will come, and he will establish justice. Such a Mahdi they are terrified of.
