PRAYS FOR OR CALLS FOR KILLING OR DESTRUCTION | DIVINE LAW OVER DEMOCRATIC LAW

ENGLISH ORIGINAL

The strength of arms we have put in this iron. And it is so that Allah subhanahu wa ta'ala wants to see who are his faithful servants and bondsmen, really believing in him and his messengers, who are ready to take this power of steel and iron in their hand, and to fight against those who want to obstruct the way of Allah subhanahu wa ta'ala, to obstruct the establishment of the just social order given by Allah subhanahu wa ta'ala. And in the way, they should help Allah and his messenger.

ENGLISH ORIGINAL

So that the word of Allah becomes supreme. Everybody gets what Allah subhanahu wa ta'ala has fixed for him. And from everybody that is taken what Allah subhanahu wa ta'ala has decided to be taken. All these rights and obligations are to be fixed by the sharia, the book. ... Then he organized them into a party ... Then there was jihad with sword. Now when this phase of armed conflict has started, it should continue till that time that all fitna is finished, all rebellion against Allah subhanahu wa ta'ala is suppressed, and the deen system totally comes under Allah.

Who are those faithful people who dare take this power of hadeed into their hands to fight out those who want to obstruct the established deen of Allah, ... who wants to perpetuate the system of tyranny, of exploitation or of discrimination? Then you have to fight them out. So this ayah, as I told you, is very clear, rather naked ayah on the revolutionary process that even force is to be used. Don't hesitate to say that actually. But who will use the force? People. ... And when they have come, now they weld them into a party, into a force, train them, make them habitual to a discipline, ... and be ready to sacrifice everything for the cause of Allah. Then only a wrong and unjust system can be uprooted, and the just social order given by Allah can be established.

There is a higher level also, and that is the level of Iqamatud-din. When you have to establish the deen of Allah, that requires a revolutionary struggle. And in a revolutionary struggle, you have to come face to face with the enemies of Allah, fight them in battles. And there, you know, this character, that won't do. Now you have to kill the enemies of Allah because Allah subhanahu wa ta'ala has already purchased the lives and worldly belongings of the Momins in return for Jannah. And that is why now they are going to war for the cause of Allah, and they are killing others, the enemies of Allah, who are opposing the establishment of Islam as a deen, as a system of life, as a politico-socioeconomic system. And they are being killed also. They are laying down their own lives. They are being martyred.

And as you must be knowing, the hadd, the punishment that our deen has prescribed, is different in two different conditions. If the man or woman is married, then stoning to death. Although it has not been expressly mentioned in the Quran, but it is the law of the Torah which was continued by the practice of Muhammad, peace be upon him. Law of the Torah, which Muhammad, peace be upon him, made imperative, applicable to the Muslims. "Indeed Allah had promised." This is a promise binding on Allah; when Allah promises something he will do it. Allah does not go back on his promise. And this promise is for those who possess real faith from among you Muslims and do good deeds, struggle for the cause of Allah. He will give them the Khilafah as he gave it to those who came before. He gave the Khilafah to Dawood, he gave the Khilafah to Muhammad ﷺ and this Khilafah endured for 1300 years until the abolishment of the Ottoman Khilafah in 1924, almost 100 years ago. So Allah, the Exalted, promised that this Khilafah will come and he will make the deen, the system that Allah chose for them, firm. The deen that Allah is pleased with is the deen of Allah. It is He who had sent His messenger, Muhammad Sallallahu Alaihi Wasallam, the last and final prophet and messenger of Allah sent to all mankind. He sent him with what? He sent two things with him: the final guidance. Guidance was coming to the people from the time of Adam as guidance. What was in the Torah? What was in the Injil? Guidance and light, guidance and light. The guidance has culminated and reached its climax in finally the guidance, the final guide of the Quran, the true deen, the true way of life, the true social order, the true worldview. What for? But there can be situations where the prisoners of war cannot be exchanged. Now, keeping them in the concentration camps, why not to absorb them into the Muslim society? Divide them among Muslims. And Muslims with their good treatment and calling toward the deen of Allah will convert most of them to Muslims. Without the political system, Islam becomes only a madhhab; it becomes a ritual; it becomes only a dogma, nothing else. Actually, Islam is not only a dogma; it's not only a mode of worship; it's also a complete system of life. And you know, the political aspect of Islam is the most important. There should be a kingdom of Allah on earth. He is the only rightful owner, rightful ruler of this world. At the political level, total negation of human sovereignty. The first and most important outcome of Tawheed at the political level is its clear negation of any form of authority for any person or a group of people... Now it is the collective that are sovereign, the collective of the people can make halal haram and haram halal. We have been instructed in numerous places in the Quran that sovereignty and authority belongs to Allah and it is His alone. Surely sovereignty, authority, legislation belongs to none except Allah... Therefore, no person or group of people, tribe or nation has any right to claim sovereignty for themselves.

Questions for policymakers

1. What review did the funding agencies conduct of statements broadcast by Islamic Organization of North America before awarding $450,000?
2. Was James R. Fouts briefed on the institution's speakers before the event on May 15, 2010?
3. Does the Nonprofit Security Grant Program screen applicants for incitement from their own pulpits?
