How many of us have been making dua for someone, anyone to step in and slap Israel silly? And now, alhamdulillah, Allah created a situation... where someone will step in and pulverize that puny proxy by the grace of God. Now you and I, we've quietly admired those brave Yemenis for hitting and punching, right?... we wanted someone to exact a proper revenge, a meaningful revenge. Someone who could take this rabid dog and exterminate it.

Why would some people place that much importance on the words of the leader to that extent? ... You're talking about someone who's carrying the flag of Islam right now. He's the face of the movement. ... Someone who was there in the beginning when it was just a handful of students with Imam Khomeini ... he has been carefully guiding and directing the movement towards the coming of the Imam. ... None of his speeches are ordinary. And then if he talks about current events, then you know, Nurun ala Nur. His words need to literally be studied. ... But you know, because God controls the hearts–deep, even inside the hearts of the Israelis, there is grudging respect. They might fight him, like the people who fought Imam Hussain–they fought him, but deep in their hearts, was there emotion? Yeah. The people in Karbala, they were shedding tears. And we hope inshallah that we're going to see very soon the results of the blood and tears of our martyrs and those who have struggled. So inshallah the reverse migration will be kicking in high gear soon, because as you know Hezbollah has been retooling during this time period. They're getting ready for the next round. You were able to take Hezbollah from where it was to..." And Sayyid Hassan said, "No." He said, "Whoever was in charge, these are the natural results."

And saw so many of their family members slaughtered. And saw the believers around the world stand up for them. Right? Both the people of conscience over here. And also, there were some in Lebanon who gave everything. Iraq gave everything. Allah bless our Yemeni brothers and sisters. The Islamic Republic of Iran. Right? Alhamdulillah, they still have the third true promise that Israel is going to get. We're saving that one though. ... The resistance can push and it can win.

There's also a beautiful line from Sheikh Qassem Soleimani. He said, "They praise me, and they call me the Malik-e Ashtar of the leader." He says, "If I believe it, I'll fall. But if in myself I'm a nobody, I'm dhaliil, then Allah will raise me."

Now the legacy of Imam Khomeini has spread so far, and the world has changed so much that now the resistance front has spread from the East to the West, to the universities, even in America. People are standing up, people are waking up, and we ask that, inshallah, this movement that was started by this great man with the niyyah of the Mahdi, that sooner than sooner, inshallah, it leads to the return of our Imam.

As much as we ourselves are burning over here, we wish we had the opportunity to take on the bully for our brothers and sisters in Palestine and to put them in their place. As much as we wished that, Iran wanted that, the leader wanted that, but there were some obstacles that wouldn't allow Iran to step in... but there were some obstacles that stopped the Islamic Republic from stepping in and slapping Israel silly.

...that stopped the Islamic Republic from stepping in and slapping Israel silly... The way of our Shuhada was that they wanted to take on the beast... Wherever in the world there is a Muslim, there is a mazloom who calls out and says, "Ya lil muslimeen, where are the believers?" He said, "We will rush to that place, and we will liberate that Muslim."... Do you know how happy Ahmad Motewasselian was when Imam Khomeini told him, "You're going to Lebanon to fight Israel"? He wanted to take on the real beast. So Iran wanted the opportunity.

So, doing this to his grandson, Sayyid Hassan Nasrallah, is nothing new, nor is it is it a surprise for us. But it is our duty to wake up the people of the world as best as we can, to do our part, and in the same way the resistance on the other side of the world is striving through whatever means to defend their lands and their homes... to teach people that figures and leaders like Sayid Hassan Nasrullah are not terrorists. Yet, they're actually closer and care more for the people of America, of Europe, of Africa, of every piece of land on this earth more than these criminals

This is a war that can't end in anything other than victory for the resistance. We're talking about human beings, Bani Adam, God-granted karama. We will never go under the boots of the Zionists. Genocide Joe, the Zionist Nazis, they need to understand this. This is not–we can't ever compromise on this. The axis of resistance won't allow that. Our brothers in Yemen, mashallah to our brothers in Yemen, there is no way that they're going to allow these Bani Adam, these children of Adam, to be starved to death.
